

**Pre-Conference Workshop
Caring for our Watersheds
Thursday, October 19th 2017
10:00 a.m. – 2:00 p.m.
At Oak Hammock Marsh
Grades 7-12**

Want to learn how to Integrate Sustainability into the curriculum?
Looking for a way to integrate ESD in a meaningful way for your students?

The Caring for our Watersheds program invites students from Grades 7-12 to propose ideas on how they can help their watersheds. From simple environmental projects in the classroom to community-wide events, dozens of projects have been implemented in the Lake Winnipeg Watershed since the program began.

Tens of thousands of dollars are available as prizes for the students, schools and to implement action projects!

The primary goal is to encourage youth to initiate a *call to action*. This workshop also explores the Interpretive Centre, and includes a guided hike through the wetland.

Please dress for the weather. The café will be open.

Registration limited to the first 25 conference participants.
